6. Board Member Updates

Bill-This will be my last meeting, retiring shortly. Serving 217,000 households, 373,000 individuals. Almost distributed \$100 million in February. Almost everyone gets an additional \$95 to max benefit amount. Exploring raising the gross income limit to 200%, has for a long time been 180%. This would allow us to serve more people, in the region would join VT, MA, and NY. Think this would be an additional 4,000 households. Would also allow those individuals to participate in SNAP employment and training services as well nutrition services. Was able to maintain the current caseload for commodity supplemental feeding program for seniors. It's been great working with you all and serving on this important council.

Martha- No additional updates to share.

Jiff-Solid Ground distributed almost \$70,000 in small stipends to new CT farmers for infrastructure purchases and other needed investments. Is about 42 farmers who will receive these funds. Exciting to get to share these federal funds with farmers. Hard part is the ones who didn't get funded, there is so much need for these funds. Thinking of how to do it again.

Molly-Likely going to see higher prices at the grocery stores.

Monica- School nutrition waivers ending June 30, 2022, this is going to have a huge impact on schools. Some schools that have community eligibility provisions, but so many students were fed through these waivers and meal counts were really high. This is going to be a big Spring challenge working through the changes with schools.

Sue-No updates but asked Bill if he would come to Waterbury to work in retirement.

Patrick-Undergoing greenhouse construction. Kicked off new cohort of farmers 11-12 new farmers, appreciative of alum who are able to teach and share their experiences with new cohort.

Marilyn- Just wanted to mention that Congress is set in the omnibus to extend the WIC benefit bump for fruits and vegetables through September 30, 2022. Benefit issuance will remain at current levels: \$24/month for children, \$43/month for pregnant and postpartum participants, and \$47/month for breastfeeding participants.

7. Next Steps- DoAg to make adjustments to grant guidance and Erin will send to council to review. Council to return any comments/feedback by Friday March 18.
